# Seeler Industries, Inc.

*Your Single Source for  
Chemical Logistics Services*

*Founded in 1978*

## Affiliations

www.seeler.com

 Seeler Industries consists of several operating divisions related to chemical services and the distribution of specialty, intermediate and commodity chemicals. We are a leading distributor of various grades and strengths of hydrogen peroxide, acids, caustic soda, glycols, etc., and toll manufacture other specialty chemicals. In

addition, we operate 3 Rivers Terminal, a for-hire chemical terminal facility. 3 Rivers Terminal provides storage, transfer and packaging services for both bulk liquid and dry chemicals in truck or rail quantities.

Our 123 acre facility, located only 30 miles from Chicago in Joliet, Illinois, provides sufficient real estate, which is ideally

located for your business development. Opportunities for future construction and expanded office accommodations are available to meet your company's needs.

Seeler Industries is your single source for chemical logistics services and we are eager to become a resource for your company.

## Chemical Distribution

### Fully Integrated Chemical Logistics

Seeler Chemical Distribution offers on-site, multi-dimensional outsourcing designed to compliment your business. At our chemical logistics facility, your company can benefit from a significant reduction in critical handling and operating costs with chemical services such as: chemical procurement and distribution, inventory maintenance, batch formulation, container rental and more.

## 3 Rivers Terminal

### Complete Chemical Services

3 Rivers Terminal provides a wide range of unique services to the chemical industry, including: bulk liquid storage & warehousing, overhead rail trestle, rail sidings, liquid and dry bulk transfers, dilution and blending, toll manufacturing, laboratory services and a wide variety of customized packaging.

## Industrial Property

### Buy, Lease and Build-to-Suit

Seeler Industries owns several large vacant industrial properties that are available for development. These properties are ideally located on the north side of Joliet, Illinois, with close access to Interstates I-80, I-55 and I-355. Select properties include rail siding, existing office and warehouse facilities, and potential barge access.
